Mission

American Embroidery Supply seeks to serve both retail and industrial/commercial markets by offering low-cost, high quality products. By combining these low-cost, high quality products with superior customer service, and rapid delivery we seek to establish long term relationships with customers of all sizes.

THREAD

AES proudly distributes ROBISON-ANTON Rayon & Polyester embroidery threads. Robison-Anton manufactures and dyes its entire product line in the United States. Whether your need is for a single needle machine or for a twenty head commercial machine, Robison-Anton leads the market. Robison-Anton is the only company in the world that manufactures and dyes filament Rayon and Polyester in one factory and one dye house for optimum control. Our competitors market thread, we make it right here in America. Robison-Anton's King spool and Mini King spools out performs any traditional sewing spools.

Robison-Anton's color line includes over 450 Rayon colors and over 450 Polyester colors all Pantone licensed and available on King spools and Mini King spools for both commercial and home sewing. Robison-Anton's 91-year commitment has been dedicated to serving the customer with highest possible quality. Robison-Anton has the industry's best national distribution system. Simply put, Robison-Anton is not the least expensive not the most expensive. Robison-Anton is just the best.

COOL SEW

The Cool-Sew finish on needles creates a "non-stick" surface on the needle and inside the needles eye. It is intended to alleviate many problems that arise from using synthetic threads, synthetic materials and adhesives. The Cool-Sew finished needle eye acts as if the eye is lubricated and thereby alleviates any sticking to the needle or gummy build up.
